

## **CORRIGENDUM**

Bidders are requested to read the following addition in the tender technical specifications.

The tender will be evaluated on the basis of prices only for three star CRGO transformers & for four star rating, the evaluation will be done on the basis of loss capitalization & LOI will be issued accordingly.

“while placing the letter of intent (LOI), the bidders shall be informed that they must get the approval of prototype transformer for each rating within one month from the date of LOI, they will have to offer the prototype transformer for each rating for the LOI placed on them duly type tested at any one of the NABL accredited Government approved laboratory viz. CPRI, NPL, ETDC, ERTL, EQDC, and ERDA i.e as notified by BEE as per the present tender specification and witnessed by UGVCL Engineers”.

If they clear the type testing on each rating of the transformer of the LOI placed on them, the detailed order will be placed on them subject to registration of their application with BEE for THREE STAR / FOUR STAR certification / License. If bidder, on whom the LOI is placed, could not successfully carry out the type tests within one month from the date of LOI, the LOI will be automatically cancelled without assigning any reason thereof.
