To,
The Chief Engineer (O&M),
Corporate Office,
DGVCL,
Surat.

E SARKAR NO:-204755/e-tappal/03/20
24

Sub. : Draft technical Specification of HT Metering Cubicle with resin cast CTs & PTs for creation of Robust network.

Ref. : DGVCL letter no.DGCS/TECH/e-file/454/2024/3383/OM dated 06/03/2024.

With reference to the above, during the meeting dated 08.08.2023 it was suggested to GPRD Cell to prepare draft technical specifications for HT Metering Cubicle with indoor resin cast single phase current transformer (CTs) and potential transformers (PTs) along with other items needed for robust network. In this reference, GPRD Cell has prepared the same and DGVCL has submitted the same for ratification after getting concurrence of Chief Engineers of MGVC L, PGVCL & UGVCL.

The matter was put up to the competent authority and DGVCL is informed to take actions as under.

- (i) To publish the technical specifications for HT Metering Cubicle with indoor resin cast single phase current transformer (CTs) and potential transformers (PTs) on website of all DISCOMs and GUVNL for at least 20 days for seeking comments / suggestions from manufacturers / suppliers / public etc.
- (ii) To send draft specifications for HT Metering Cubicle with indoor resin cast single phase current transformer (CTs) and potential transformers (PTs) to all existing & prospective/probable manufacturers/suppliers of CTPT/Metering Cubicle to get their views/suggestions.
- (iii) To get the legal opinion in regards to breakage of sealing or its arrangements to the HTMC Box to be considered under Section 135 or 126 of the Electricity Act, 2003.
- (iii) On receipt of above, DGVCL shall arrange meeting to discuss the same with CE of all DISCOMs & GPRD cell and prepare modified draft Technical Specifications and submit to GUVNL for ratification.

(J J Gandhi)
Chief Engineer (Tech)
GUVNL

Cfwcs to:

The Director (T), GUVNL, Vadodara.
